4. Enter the words '**Mystery Box**' in the property search bar to display the list of boxes available to bid on.
5. Click on a listing you would like to become a bidder on. Why not make a bid on every box – got to be in it to win it!
6. Join as bidder and submit a starting bid*

*Note: in an ordinary Openn Negotiation, all buyers must be pre-contracted before their bid is approved.

Before the Auction Starts: Key Reminders

- You must submit an opening bid BEFORE the Final Bidding Stage starts.
 - Do that now if you haven't already. Why not make a bid on every box – got to be in it to win it.
- You're NOT playing with Monopoly money – you will be using your teams amalgamated challenge points, which will be deducted in full if your team is the winning bidder.
- Encourage you to make bids from a **different device** to the one you are joining the Zoom conference on.
